

HOW TO CROSS A PICKET LINE

- Remember, the strike by Conestoga support staff is a legal strike.
- Expect picket lines at major College entrances on all campuses.
- Expect delays – allow for extra time.
- Consider public transportation, get dropped off, car pool, or enter by foot if possible.
- If driving – make your way through the line cautiously and drive slowly. Stop when necessary. You will be allowed to cross.
- Whether walking or driving – accept flyers or brochures from the picketers.
- Do not engage in arguments. Be calm, courteous, polite and patient at all times.
- Be prepared mentally – expect large groups of people walking, carrying signs, handing out flyers, and speaking to you briefly.
- Carry a cell phone if feasible.
- Keep conversations pleasant and brief.
- Roll your car window down (about half-way) to receive the flyers or brochures.
- Ease your car through the line; do not accelerate or rev your engine.
- Inappropriate behaviour on a picket line by any person is unacceptable and may be unlawful.

Thank you for your patience, cooperation and commitment to safety.
